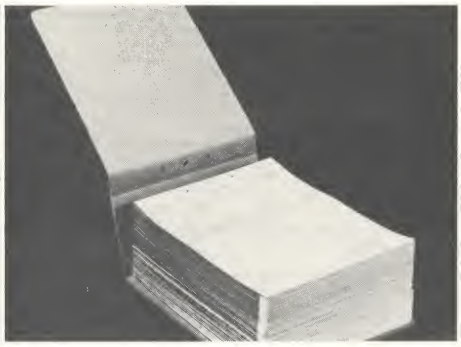
ECONOMY LINE BINDERS

FOR STANDARD PUNCH OFFICE FORMS

Now — Low cost binders to store standard punch office forms — for less money. Same features as found in more elaborate, high-price binders but without the frills. Our binders will do the job for the smallest to the largest companies who want economical housing of active, semi-active and inactive forms.

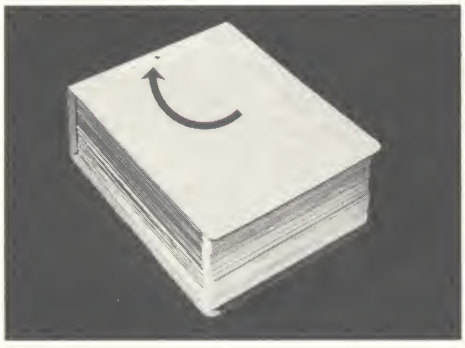
Rugged enough for everyday use but so inexpensive they can be disposed of when records are destroyed, saving time and labor.

Aluminum posts screw into metal base sections easily.



To add or remove forms, simply slip over 3/16-inch rigid posts.

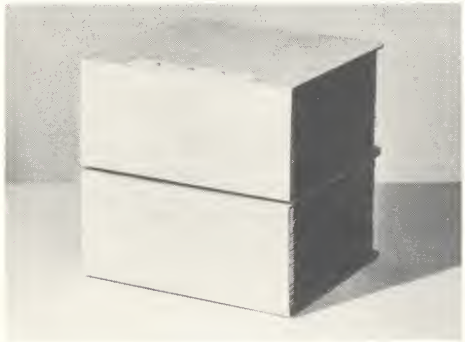
Snap plastic strip-lock over heads of posts, to hold sheets in place and lock binder.



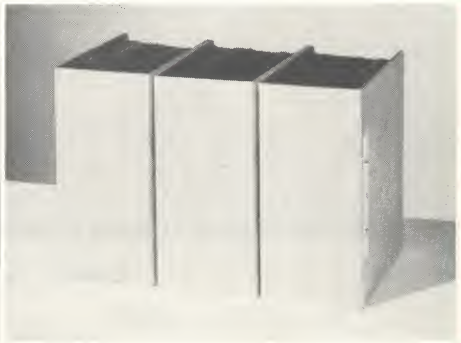
Tough plastic strip-lock permanently riveted to binder — cannot be lost or misplaced.

Binder sits up — for quick and easy reference — giving full view of each sheet.

To unlock binder pull up each end of plastic strip-lock.



Loaded binders stack neat and compact — provides 3-way protection.



Binders stack or rack as there are no protruding posts or locks. Closed back provides space for label or other identification.

SPECIFICATIONS:

Economy Line one-piece binders are manufactured from dappled-white 3/16-inch thick corrugated Fibre-Cor board. Each binder comes complete with 2 four-inch capacity aluminum posts. Available in both 2¾" or 4¼" center to center. Bulk packed, 25 binders knocked down flat in shipping carton.
